The Meetings Industry Guide ensures that all your business tourism events and meeting/conference requirements are at your fingertips.

The various regions that make up Kwazulu-Natal namely Durban, The Midlands, Drakensberg, Zululand, Elephant Coast, South Coast, North Coast and the Battlefields are colour- coded for easy reference, and within each region, registered venues are promoted.

This comprehensive business meetings planner also provides essential information on venues such as capacity and core characteristics to allow informed decision making.

It also promotes professional service partners who are able to provide assistance with destination management, conference planning and incentive tours.

A detailed directory lists contact information for both venues and service partners.

SUPPORT

Business tourism in South Africa's KwaZulu-Natal province received a major boost with the launch of the KwaZulu-Natal Convention Bureau.

The Durban KwaZulu-Natal Convention Bureau is a partnership initiative of the KwaZulu-Natal Department of Economic Development and Tourism, Ethekwini Municipality, Durban Chamber of Commerce and Industry and The Albert Luthuli International Complex (ICC Durban Pty Ltd), to promote the meeting or business tourism services of the South African province of KwaZulu-Natal and the metropolitan area of Durban.

The vision of this organisation is to showcase Durban and KwaZulu-Natal as the premier business and tourism destination in Africa. Its mission is to aggressively identify and bid for small, medium and large "business tourism gatherings" with researched potential of significant return on investment (ROI) and to passionately raise the level of awareness of Durban and KwaZulu-Natal's wide range of business tourism venues and associated services.

Dedicated convention bureaux have proved to be the key determinants of successful business tourism destinations as meeting planners regard convention bureaux as very important sources of impartial and objective information about destinations and details about meetings venues.

The Bureau will ensure there is an accurate register of all business tourism providers in the destination, and collects critical statistics on business tourism.

For more information regarding the various business tourism services and attractions of Durban and KwaZulu-Natal, please make use of the interactive database search facilities on www.durbankzncb.co.za.

Durban is a sophisticated cosmopolitan city, a fusion of East, West and African culture - offering cultural diversity and multi-cultural traditions, sophistication and style, an enticing destination that invites exploration. It's alluring and fascinating, with a wealth of influences to entertain and enthral with traditional warrior dancers, mystic fire-walkers and colonial heritage. Sample the unique vibrancy of township life, the finest curries outside India and a calendar filled with thrilling, spectacular events. A shopper's paradise with a number of upmarket shopping centres offering brand name shops as well as quirky boutiques and flea markets. Durban is perfectly located as the gateway to KwaZulu-Natal, and it takes a mere few hours drive to a choice of two World Heritage sites - the uKhahlamba Drakensberg Park and the iSimangaliso Wetland Park, game reserves, coral reefs and historic battlefields, all ideal destinations for pre- and post conference tours.

The city has played host to numerous prestigious international conventions and events at its world class venues, particularly the International Convention Centre which is a focal point of Durban's business district, centrally located just a convenient quarter of an hour from the airport, and minutes from hotels and beaches. The International Convention Centre Durban is a purpose-built, fully air-conditioned centre with three convention halls that are interlinked but separate. Moveable walls allow for a number of different venue configurations and can be opened up to form one large venue with seating for 5000 delegates or 7000m squared of column free floor space. Together with the adjacent Exhibition Centre, the ICC can increase its capacity to accommodate well over 18 000 conference delegates. Accommodation and addition meeting and banqueting facilities are available at the adjacent Hilton Hotel. Another option for large conferences is the Olive Convention Centre located close to the beachfront, its main auditorium has the capacity of seating up to 1400 delegates.

The hosting of the 2010 FIFA World Cup(tm) was a spectacular success, not only as an event, and saw the Moses Mabhida Stadium and its surrounds developed into what is more than just a sporting

venue, adding another dimension to teambuilding in Durban - take your team to the next level with the 'Big Rush Big Swing' - this is the world's only stadium swing and the largest swing of any kind anywhere. Jump into the void 106 metres above the pitch and swing out in a huge 220 metre arc under the iconic arch. In addition to this the Stadium is a stylish new venue with a number of meeting options making it ideal for hosting a cocktail evening, banquet, launch, promotion or conference.

The Southern Sun Elangeni, located on Durban's 'golden mile', offers a variety of meeting rooms catering for business and private gatherings of all types, accommodating between 10 and 500 persons. Durban has a vast selection of accommodation of a very high standard, ranging from luxurious 5-star establishments, beachfront self-catering apartments with sweeping views of the ocean to intimate guest house and boutique hotels. With many of these being located along, or with easy access to the beachfront, activities and events that revolve around the ocean are never out of reach - imagine a cocktail function on the end of the pier, a themed gala dinner at uShaka Marine World surrounded by treasures of the deep or a welcome party bare foot on the beach under a Bedouin tent.

Durban also offers a choice of restaurants, and is an excellent destination to sample a tantalising array of fresh seafood offering delectable prawns, calamari and the 'catch of the day', and many other dishes that will tempt the taste buds. Visitors to Durban will be spoilt for choice, when it comes to nightlife with a variety of clubs, theatres, bars and cafes available. The Signature Life Docklands Hotel located on Durban's Point Waterfront is a trendy hotel with three large conference venues able to host smallish groups to large conferences and banquets able to seat up to 600 delegates and guests. Makaranga Garden Lodge in Kloof caters for a range of disabilities, with its wheelchair friendly access to every part of the hotel making their establishments accessible to all delegates and guests. This venue offers conference facilities that are ideal for smaller executive meetings with a maximum capacity of 100

No visit to Durban is complete without trying a legendary 'bunny chow' and Shisanyama - the Bunny Chow is a very simple affair consisting of a hollowedout quarter or half loaf of bread filled with any available curry and is eaten with your fingers and the Shisanyama, which is meat barbequed over an open fire and is a popular experience in the local shebeens and township experiences - incentive visitors can absorb the vibe of the Rainbow Nation on a township tour pulsing with the life of both traditional and modern African life

Pietermaritzburg, set amidst forested hills and the rolling countryside of the KwaZulu-Natal Midlands, is one of the best-preserved Victorian cities in the world. Visits by the likes of Gandhi, Mandela and Queen Elizabeth, the Comrades and Dusi Marathons as well as its museums, art galleries, quaint antique shops, markets and a special style of country living are some of the things that make the Pietermaritzburg and Midlands region of South Africa famous. The Midlands landscape is green and softly wavy, dominated by pastures and pine forests, dotted with a myriad of waterfalls, lakes, dams, and Zulu villages. This region offers an eclectic and fascinating mix of arts and crafts, world-class restaurants and homely comforts, with a wide range of adventurous, natural and historical pursuits.

The charming city of Pietermaritzburg is the capital and second largest city in KwaZulu-Natal and is the administrative capital of the province. It is conveniently situated approximately 80km inland from the city of Durban and is an easy 40 minute drive from Durban en-route to Johannesburg. Pietermaritzburg offers a number of venues ranging from small venues with boardroom facilities to larger conference venues and educational facilities. Being a contemporary African city that is steeped in history and speaks of Zulu, Boer, British and Indian influences, the city is a cultural treasure trove brimming with diversity and colour, and offers various cultural activities that lend themselves to being incorporated into a conference programme. Take in fifty provincial heritage sites on a walk through the city's historical centre and enjoy the architecture and history of the town. One of the highlights of the town is the City Hall, built in 1893. It is reputed to be one of the largest all-brick buildings in the southern hemisphere. The organ housed here is huge and is still used for recitals and concert recordings.

Pietermaritzburg and its surroundings offer a veritable feast of present-day experiences and is the town in which the annual Dusi Canoe Marathon starts, and is the beginning or ending point of

the world-renowned annual Comrades Marathon between Durban and Pietermaritzburg, which attracts about 20 000 participants, Alexandra Park is the venue for Art in the Park, a large outdoor art exhibition, and Cars in the Park, a popular gathering of vintage cars.

The Midlands offer excellent hotels, guest houses and country lodges, restaurants and tea-gardens as well as some of the finest adventure, relaxation, authentic experiences and shopping in South Africa, not to mention some spectacular meetings and events venues - many of the accommodation facilities of this region have ideal venues for small to medium sized meetings. The Midlands Meander route which runs mainly between Howick and Nottingham Road is a delightful shopping and browsing side-trip, including numerous antique shops, art galleries and arts and crafts studios with the potential of turning every visit into a truly memorable experience. Many venues offer onsite accommodation and banqueting facilities. Looking for a day spa, destination spa or health spa? Incentive visitors will be spoilt for choice as the Midlands offers some of the finest spas South Africa has to offer, providing sophisticated spa seekers with an enviable range of treatments and rituals

using the world's favourite spa products alongside traditional African treatments.

If it's an adrenaline-charged adventure you want, Pietermaritzburg and the Midlands is the place to be. The city and surrounds offer thrills on land, water and in the air. For teambuilding, the Karkloof Canopy Tours is very popular but so is the fishing, with some of the best trout fishing waters in South Africa found in the Midlands. The forests and hills offer memorable mountain biking and 4x4 trails or abseil the 107m drop down the Howick Falls. Get wet as you go tubing or kayaking down the Dusi River or white water rafting on the magnificent Umkomaas River, said to be second only to the mighty Zambezi. For a birds-eye view of the area try a flip in a fixed-wing aircraft from Pietermaritzburg Airport; go paragliding, microlighting or gliding; experience the rush of parachuting or sky

Steeped in legend, the battlefields of KwaZulu-Natal echo the bygone glory of brave warriors and soldiers and their hard-fought military engagements. Walk in the footsteps of famous military strategists - Shaka, Winston Churchill, Mahatma Gandhi and General Louis Botha - all these men played a part in the history of the KwaZulu-Natal Battlefields. Today the legacy of these critical, blood-soaked conflicts lives peacefully within the battle sites, historic towns, national monuments and museums. With more recorded battlefields than anywhere else in Africa, this is the place to discover another facet of the Zulu Kingdom's past. But if it's more than legends that you're looking for, the Battlefields region does not disappoint - the adventurous will enjoy white-water rafting down the mighty Thukela, or for a wildlife experience, visit the Ithala Game Reserve or the Nambiti Conservancy.

The Battlefields region is a comfortable three- to four hour drive by vehicle or coach from Durban, and is worth the journey as this is where history comes to life with stories of the Battles of Isandlwana, Rorke's Drift and Blood River amongst others. A number of lodges and hotels in the Battlefields region offer outstanding battlefield tours, with knowledgeable guides available to talk visitors through the secrets and sorrows, strategies and despairs of these great battles. With many of these establishments offering facilities for small to medium sized conferences, meetings can easily be themed around battlefield lessons which can potentially be mirrored in the boardroom.

Incentive visitors to the region can get a taste of Zulu culture and heritage at the Talana Museum in Dundee. The Kwakunje Cultural Village, where visitors are invited to experience Zulu cultural life as it was and how it is changing. This cultural village is a living monument to Zulu culture and reflects the roots of traditional village culture as well as

placing it in its 21st century context. Hear the tales, explore the culture and enjoy traditional meals as you absorb the sounds and sights of life under the African sun. Listen and learn as this living village portrays Zulu culture and lifestyle, and as the live-in Zulu family explain customs, traditions, culture and their lifestyle to visitors.

Visitors to the Talana Creative Cluster will be able to interact with the crafters and in certain areas, be able to choose colours and patterns and work with the producer, to make their own special product to take away with them. Conference delegates and incentive visitors will be able to experience weaving, beading, glassblowing, pottery, sewing, traditional plants, Zulu culture and lifestyle - traditional Zulu beading in a variety of fashions and in different applications and African pottery and crafts that reflect African traditions and heritage.

There are numerous activities for adventurous teambuilding; these include white-water rafting down the rapids of the mighty Thukela, or kloofing if the river level is low, hiking or mountain-biking in the magnificent Drakensberg Mountains, or even horseback riding in the hoof prints of Victorian soldiers. Other more relaxed corporate pursuits include a round of golf on one of the 9- and 18-hole courses or trout fishing in the cool waters near Newcastle.

BLUE FLAG BEACHES

There's no doubt about it - visitors are spoilt for choice with what to do along the KwaZulu-Natal South Coast, the relaxed region that lies between Durban's cosmopolitan 'buzz' and the Zulu Kingdom's southernmost reaches. Subtropical forests, blue lagoons, golden beaches, rocky coves, the warm Indian Ocean and sunny weather - this is what makes the South Coast such a popular destination. This coastline is a haven of unique and less-explored places, set amidst rolling hills and fringed by palm fronds and wild strelitzias. The outdoor pursuits range from golf, to hiking, mountain biking, diving, whale watching and almost everything in between.

South Coast beaches offer something for everyone, golden sands, tidal pools and beaches for swimming, surfing and sunbathing. Almost all the beaches have life guards on duty and are protected by shark nets regularly serviced by the KwaZulu-Natal Sharks Board personnel, The Pumula Beach Hotel, with its stunning views of the Indian Ocean is situated 100kms South of Durban, its seaside location and indigenous coastal vegetation makes it an ideal venue for relaxing, stress free small to medium sized conferences. Further South is the Estuary Country Hotel, set in beautiful surrounds, offering medium sized conferences and teambuilding facilities.

There are a number of shops and farm-stalls offering the abundant produce of the South Coast. Crocodile farms, banana plantations, candle factories, lighthouse museums and handmade crafts all add to the feast of local activities and produce on offer. Feast on locally grown nuts or savour the strong aroma of freshly ground coffee - locally grown, harvested and processed at the Beaver Creek Coffee Estate. The Oribi Gorge Hotel located in the Oribi Nature Reserve offers two conference venues and a variety of options for teambuilding - an exhilarating swing into the gorge, try the world's highest abseiling site, and in the rainy season (November to April) white-water rafting is an option.

Scuba diving is a popular sport on the South Coast with excellent deep-sea diving areas at Aliwal Shoal and Protea Banks which is the resting place for a number of wrecks. Wreck diving has added a significantly interesting dimension to this kilometrelong underwater wonderland that attracts not only a wide variety of fish, but also many Ragged-Tooth sharks offering an awe-inspiring and surprisingly safe adventure. The Kapenta Bay Resort and Conference Centre is set right on the beach and offers two conference rooms, the larger of the two having a capacity of 300. Several diving reefs are in easy reach of Kapenta Bay including Protea Reef, Salmon Reef and Boboyi, making this an ideal venue if diving is to be part of the teambuilding activities.

Experience the delight of the ocean on a sea excursion and possibly share in the enchantment of watching dolphins frolic and swim around the boat and possibly spot a whale in season (May to November). Every winter, there is the phenomenon of the sardine run - millions of sardines migrate up the coast, accompanied by dolphins and other large fish and the thousands of sea birds which feed on them. Head inland and you're in traditional Zulu territory, and with it, the chance to witness first hand all the song and dance of a living culture.

Guided tours of the vibrant Gamalakhe township near Margate provide an insightful look into the customs, rituals, aspirations and day-to-day lives of Zulu people. Learn some folk-lore over a pint or two at the local shebeen...take a stroll along meandering footpaths and spend the night in a traditional hut of wattle poles, mud walls and thatch roof.

Popularly known as the 'Golf Coast', this scenic region has a comprehensive selection of attractive and challenging golf courses. All in all, there are 10 courses situated close to or directly at the Indian Ocean. The fairways are lined by lush subtropical vegetation with some courses having their own access to the beach. Compared to other regions in South Africa, the green fees at the South Coast are relatively moderate and the golf estate accommodation is generally - despite the most luxurious appointments - not very expensive. Accommodation in this region varies from upmarket hotels, resort style hotels to luxury B&B's and guest houses.

Reaching 3000 metres above sea level the awe inspiring Drakensberg Mountains and the 243 000 hectare mountain park, that it's a part of, requires no second invitation to visitors. With seasonally snow-capped peaks, sheer cliffs and deep gorges the uKhahlamba-Drakensberg Park, a world heritage site, offers memorable experiences and activities to suit everyone, from the adrenalin rush of tubing down the mighty Thukela to sipping a sundowner on a balmy summer evening as the sun sets over a spectacular mountain scene.

The Drakensberg is divided into three regions, southern, central and northern Darkensberg, and all three regions are easily accessible by road which makes the transportation of delegates uncomplicated. Visitors to each of these regions will be spoilt for choice when it comes to venue selection with choices ranging from luxury boutique hotels ideal for executive breaks, hotels catering larger groups with onsite teambuilding facilities to picturesque 'camps' with chalets set in the mountains. Incentive planners will be spoilt for choice with any number of options available when planning a 'must-do' memorable event.

The southern Drakensberg offers visitors a wealth of outdoor activities; from trout fishing, and hiking to 4x4 excursions. This route takes visitors along the upper Mkomazana River up Sani Pass to the border with Lesotho (2874 metres above sea-level). Or experience the awesome Drakensberg on horseback. From hour-long rides in the foothills to a three-day expedition into Lesotho in the safe hands of a local guide and a sure-footed Basotho pony.

These paintings are one of the Drakensberg's greatest cultural treasures, with some 20 000 individual rock paintings having been recorded at 500 different cave and overhang sites between Royal National Park in the north and Bushman's Nek in the south.

The northern Drakensberg is home to the the spectacular Amphitheatre, which is possibly the most photographed feature of the northern Drakensberg, as well as the source of the Thukela River which plunges some 950 metres over the edge of the Mont-aux-Sources Plateau in spectacular fashion. HEART OF THE ZULU KINGDOM

Experience the grandeur of Zululand - its noble culture, magnificent wildlife and fabulous surroundings. This region is a colourful tapestry woven in age-old tradition, creating an exhilarating fabric of fascinating opportunities to be immersed in a vibrant and living culture. The heartland of the Zulu nation lies north of the Tugela River and extends to the subtropical northern parts of KwaZulu-Natal. It is an area of breathtaking hills and valleys that pulsate with the sounds of traditional tribal villages, a place where you can unexpectedly be invited to share a meal or drink from the calabash as the sorghum beer is passed around, a place where you will enjoy the wide welcoming smiles extended to you by the local people.

Cultural tourism is inextricably linked to economic upliftment, and previously disadvantaged communities are applying their traditional skills to meet visitor's interests. Many tourist destinations offer insightful opportunities to experience living Zulu culture at first hand... take an ox wagon to Zulu villages of bee-hive huts and experience traditional Zulu hospitality, or a rural wedding ceremony, and if you wish, visit a traditional healer. A visit to Zululand calls for an authentic 'Zulu experience' the memory of which will linger in your mind long after you have left. The Protea Hotel Shakaland offers conferencing and teambuilding activities that will do just this, with facilities for small to medium conferences and banquets.

While you are in Zululand, enjoy the welcoming wide smiles extended to you by the local people. Enjoy the comfortable accommodation in major towns, game lodges, to seashore cottages, Zulu homes or floating lake chalets. Richards Bay offers a fascinating blend of industrial-, eco- and cultural-tourism; this harbour city offers all the implied delights of a beachfront mini-metropolis in the midst of a nature-lovers dream. The Richards Hotel situated just 90 minutes north of Durban and in the heart of Zululand is conveniently located close enough to

the Richards Bay CBD yet far enough away from city pressures to make business a pleasure. The hotel offers comfortable four -star luxury accommodation and conference facilities that can accommodate up to 300 delegates. For an urban view of Zulu culture, take a township tour showcasing modern Zulu life including taverns, shebeens and traditional medicine shops.

Zululand offers an extensive network of nature reserves and game parks ensuring an abundance of flora and fauna to delight the visitor - from several hundred bird species, many species of antelope, hippo, cheetah, giraffe to the Big Five...lion, leopard, elephant, buffalo and rhino. There are a number of luxury game lodges and chic tented safari camps that offer a variety of conferencing facilities from boardrooms catering for executive getaways, to medium sized conferences in great bush venues. Thula Thula Lodge, family owned and operated, is situated in the heart of Zululand, 40 minutes from Richards Bay, 45 minutes from iMfolosi Game Reserve and less than 2 hours drive from Durban. This malaria free game reserve is home to a wide variety of game, birds, reptiles and insects and offers a small private conference room with great bush

Heading further inland, is the magnificent and increasingly popular Itala Game Reserve, Situated outside Louwsburg in Northern KwaZulu-Natal at the foot of the Ngotshe Plateau, it offers an abundance of diverse wildlife, the best adventure tracks and trails, most breathtaking sights and mountain views, and a thatched state-of-the-art conference centre at Itala there is a 1.2km tarred airstrip, a tarred access road capable of carrying 48-seater coaches and is approximately four hours from Durban. A number of activities are available for relaxation during a busy conference programme, including open-vehicle game drives and guided walks where one may encounter elephant, white and black rhino, leopard, giraffe, kudu, tsessebe, waterbuck and eland.

Zululand, with its wide choice of venues, has much to offer the conference delegate or incentive visitor-from traditional Zulu experiences and memorable wildlife sightings to adventurous teambuilding activities.

SEA AND SAFARI EXPERIENCES

The Elephant Coast incorporates the best of both land and sea safari experiences with its world-class conservation areas that include the iSimangaliso Wetland Park, South Africa's first proclaimed World Heritage Site, and Africa's oldest game reserve, the Hluhluwe iMfolozi Park. Natural and cultural diversity abound in this narrow strip of land, approximately 200 kilometers long and just 70 kilometers wide, and home to an incredible 21 different ecosystems. This must be one of South Africa's most beautiful and unspoilt areas - from the dense evergreen forests of towering fig trees; lush ferns and wild orchids; wild date and lala palms dotting the landscape; swamp forests with tangled masses of greenery; mountainous sand dunes, thick coastal forest and pristine beaches to the wonders of African bush with its thorn trees and abundance of wildlife.

Stretching from the iMfolozi River in the south to the Mozambique border in the north, this region is easily accessible from Durban. The tourism facilities in the Elephant Coast region are ideal for incentives and small corporate, association and government related meetings. There are dozens of game reserves, beautiful beaches, deep sea fishing and diving on a number of reefs, mountain trails, cultural activities and a number of historical sites. This is one of the few destinations where a visitor can see the 'Big Five' before breakfast, watch dolphins and whales before lunch, explore the depths of the ocean in the afternoon and go turtle tracking after dinner.

Not only is the Hluhluwe iMfolozi Park credited with saving the once endangered white rhino, but it is also home to many species of antelope as well as large populations of elephant, buffalo and giraffe and predators such as the lion, cheetah and the elusive leopard and offers a range of accommodation, such as the Nselweni Bush Camp overlooking the Black Mfolosi River. The Phinda Private Game Reserve is well known for its abundant wildlife, diversity of habitats and wide range of activities and enjoys a variety of landscape and vegetation which is home

not only to the Big Five, but to many rarer and less obvious species, such as the elusive cheetah and black rhino. With only a handful of lodges sharing an area of 23 000 hectares and careful trained rangers and trackers guests are assured an exclusive game viewing experience.

The Elephant Coast is an eco-tourist paradise and reflects the essence of untamed Africa. Kosi Bay Nature Reserve is an unspoiled nature reserve surrounding the rare and beautiful Kosi Bay lake system and is a tropical paradise of crystal clear water, marshland, swamp and coastal forests that is home to about 250 species of bird. Kayaking amongst the resident hippos and crocodiles is a popular adventure activity. The pristine beaches in the region are the nesting ground of sea turtles that come to shore from October and December to lay their eggs - hatching occurs between December and March. This is a memorable sight and one that is closely monitored by resident researchers. Opportunities abound in this region for incentive visitors to get 'up close and personal' with Africa's wildlife in a meaningful way by partnering with researchers in conservation efforts.

These include turtle, rhino, leopard and even whaleshark tracking with the purpose of attaching tags or collars for research purposes.

The Elephant Lake Hotel is located on the shores of the St Lucia Estuary in the town of St Lucia, surrounded Isimangaliso Wetland Park. With its lakes, lagoons, freshwater swamps and grasslands, St. Lucia supports more species of animal than the better known parks and deltas in Southern Africa. This venue offers medium sized conferencing facilities and with its proximity to both the lake and the Indian Ocean, a variety of team building activities are available. Whale watching, lake cruises, walking trails, horseback safaris or canoe trips are all options that are available.

A number of community initiatives, including homestay accommodation, game reserves, locally trained guides, and the making and selling of crafts enabling the local people to participate in the natural wealth of the Elephant Coast thereby enriching visitors experiences of the cultural history and life of the area.

WHAIF WATCHING

JULY TO SEPTEMBER - The whales are moving north on their way to their breeding grounds off the Mozambique coast, and from September to November they return, heading for the nutrient-rich waters of Antarctica.

TURTLE SPOTTING

It's that time of year when a tradition that is millions of years old is perpetuated on the golden beaches. From

NOVEMBER TO JANUARY, female Loggerhead and Leatherback turtles haul themselves out of the ocean to lay their eggs under cover of darkness.

With our qualified team always on hand to assist you with your requirements, you are assured of peace of mind with the design and originality of your events décor.

From a romantic engagement party for two on 'North Peer' Durban at 9pm at night to glittering banquets of over 1500 guests have been catered for. Every event and budget is structured to suit the individual client's requirements.

Whilst weddings and corporate events are handled on a regular basis, we also design and install Christmas decorations for shopping centres and corporate offices.

Lemontree Concepts ensures originality, creativity and character equal to the needs of each and every event. Attention to detail is never ending.

MAKE A DIFFERENCE

To include a social aspect to any of these itineraries, you can:

- · Visit a community school and participate in educating children from the rural areas about AIDS awareness and the conservation of their environment, spend some time playing soccer with them or get your hands dirty and help to build a jungle-gym or painting a classroom.
- · Plant some fruit trees at a local school or orphanage, to provide enjoyment and nourishment for the future.
- Take a backpack full of goodies to each of the kids at a local school or orphanage instead of receiving the obligatory 'room gift'.
- ${\boldsymbol \cdot}$ $\,$ Include a group of disadvantaged kids on a game drive their delight will add to the experience.

These activities, which can easily be incorporated into a pre- and post- tour or incentive, will not only make a difference in the life of a disadvantaged child, but will make a huge impact on you the visitor.

SUSTAINABILITY... CARING FOR PEOPLE AND THE PLANET

Sustainability is a word that is frequently heard in the tourism business but is often not properly used. According to the United Nations World Tourism Organization (UNWTO), sustainable tourism is tourism that leads to the management of all resources in such a way that economic, social and aesthetic needs can be fulfilled while maintaining cultural integrity, essential ecological processes, biological diversity and life support systems.

In line with the international move towards a more responsible and sustainable meetings industry many of Durban KwaZulu-Natal's venues and suppliers are committed to taking a proactive stance to incorporating environmental and community initiatives into its operations, for example the International Convention Centre Durban, one of the most advanced conference facilities in the world. is committed to sustainability and is a proud Gold Status member of the Heritage Environmental Rating Programme. It has made great strides in energy saving efficiencies and the effective implementation of their environmental policy now sees this venue extending greening down the supply chain, and includes offering their customers products and solutions with limited environmental impacts thereby reducing the negative environmental consequences of their activities.

Sustainability extends beyond just an environmental awareness to include the very communities in which we meet. Cultural tourism is inextricably linked to economic upliftment, and previously disadvantaged communities are applying their traditional skills to meet visitor's interests, for example deep in the heart of Zululand, in the area of Melmoth lies the Mfule River Valley, home to a community of people who have lived in the surrounding areas their whole lives. They invite you to visit the Simunye Zulu Lodge and share their history, culture and traditions, offering a blend of traditional Zulu Homestead and world-class hospitality, catering for leisure travellers, corporate groups and families.

The Phinda Private Game Reserve is yet another example of successful responsible tourism - firstly restoring misused farmland to its pristine state over 16 years ago, restocking it with the Big Five and other wildlife and developing it into an award-winning ecotourism destination; and then returning the land to its ancestral owners. Phinda's pioneering land-claim settlement has proved that if the communities

surrounding conservation areas truly feel the benefit of ecotourism, they will gladly support ongoing conservation and biodiversity for the benefit of future generations. In addition to their commitment to conservation and the environment, Phinda, through the &Beyond Foundation, is committed to community development. Phinda offers wonderful opportunities for pre and post tours as well as incentives and teambuilding activities that have a conservation aspect or give back to the community.

The delivery of a sustainable event starts in the planning stages, and from inception, every detail of the event needs to consider environmental and social impacts, and wherever possible mitigating processes need to be put in place to manage or neutralise these impacts. These could include the planting of trees or a financial contribution to an environmental or conservation organisation or a community upliftment scheme. Be sure to leave a legacy that has a positive impact on the community most affected by the event.

WHY BE SUSTAINABLE?

- Save money by using less by serving condiments in bulk instead of individual packets you save, by using water stations or water jugs on tables instead of bottled water will save money, water and avoid waste. Waste is a major expense to an event's budget, so cutting down on waste will help your bottom line.
- Enhance your organisation's positive image you
 will be noticed for the measures you have taken to
 minimise your event's environmental impact as
 environmental issues are becoming more
 important to the public. Reap the benefits of being
 seen as an organisation that is doing the right
 thing.
- Do the right thing for the planet by rethinking, reducing, reusing, recycling and composting you are avoiding unnecessary use of our limited natural resources.

SUSTAINABILITY CHECK LIST

The Planning

- Consider the scale of your event to determine how elaborate your greening preparations should be and prepare an appropriate written environmental policy. Allocate sufficient time and resources to achieve environmental objectives.
- Consider appointing one person whose responsibility is ensuring that all planning choices are made with environmental sustainability in mind.
- Estimate your carbon footprint and the measures required to offset and include this in your costing.
- Discuss your environmental policy with all organisers and involved parties at the beginning of the planning process, making sure that all of event staff, volunteers and vendors are aware of what your green choices and goals are, and train them on procedures when necessary. Make sure your tender documents state your commitment to sustainability and request that suppliers outline their environmental policies.
- Build sponsor and partnership opportunities with sustainability in mind, ensuring that they can adhere to the event's greening strategies and assist them in doing so.
- Establish a policy of communicating electronically, this includes the submitting of quotes and
- Get buy in from the highest levels of your organization. Senior managers, directors and board members should publicly commit to the greening process and make it clear to employees and volunteers that the greening effort is an important part of their jobs.
- Ask to see the environmental policy of the venues that you have selected - don't be fooled by vague

and unsubstantiated claims.

- Ask to see your PCO or event planner's environmental and social responsibility policy check to what extent the local communities will benefit from the economic spend of your event.
